

# How to Factory Reset SightTracker PTZ?

Last Modified on 01/05/2023 11:18 am EST

## Hardware Reset Process

To reset your SightTracker PTZ to factory defaults, do the following.

- Press and hold the reset switch on the wire harness
- Power on the PTZ
- Wait until the LED on the bottom of PTZ blinks the reset pattern
- Release the reset switch while LED is blinking pattern.
